

MACROSTIE ART CENTER | Scholarship Application

Scholarships are awarded based on the following considerations: sincere desire to participate in art classes, willingness to attend all class sessions, and payment of the remainder of the fee before classes begin. Scholarships are available on a first-come, first-served basis. A student may apply for multiple scholarships in one calendar year, but the total amount will be capped at three classes or \$150 per year if the scholarship fund becomes limited. It is MacRostie Art Center's goal to provide scholarships to as many applicants as possible. Information provided in this form will be kept confidential.
